One in five children in America will lose a loved one to death by the time they are 18 years old. Grieving children can struggle throughout life if their grief is not validated and processed. The Healing Patch offers FREE peer support for children and their families to connect with one another and find hope and healing. In addition to family sessions, the Healing Patch provides in-school groups, education, and resources.

Donated items will be used as prizes. Donors will be recognized on the jumbo screen in the stadium.

Deadline for donations is March 20, 2024.

Thank you for your consideration! Please contact me to arrange pickup if needed.
