

LIGHTS OF LOVE

for Hospice & Grief Services

Supported by:

"Lights of Love" is a special tribute event that invites you to "shine your own special light" in honor or memory of someone dear to you. Selected tree(s) at locations throughout Home Nursing Agency's service area have been lit with bright lights - white lights represent the Hospice program and blue lights represent Grief Services for children, adults and families. Lights of Love 2013 is supported by Teeter Group, ABC23, Fox8 and THIS TV Network.

Lights of Love was kicked off with Tree Lighting Ceremonies in various counties on Nov. 25. Trees will remain lit through Jan. 10, 2014. The photos that follow are from the Tree Lighting Ceremonies.

Donations of any amount can be given to honor or memorialize your loved one. All proceeds from Lights of Love will benefit the Agency's Hospice and Grief Services
